### Product technical data sheet

# Fiocche THE COLD MANUFACTURER

# **SUPERARTIC 2T 700 ECT-F TOUCH**

Chamber A adjustable between  $\pm 2^{\circ}$ C /  $\pm 15^{\circ}$ C

Cod. SUT0702

### **General features**

Disclaimer: Images are purely indicative. The features and the accessories of the products may differ according to model and application.

Chamber B adjustable between -20°C / -40°CFactory setpoint   Increment+5°C   0.1°C chamber A -30°C   0.1°C chamber BAmbient working class  Climatic classFrom +16°C to +32°C   NNominal capacity350 + 350 lt (12,36 + 12,36 cu ft)Gross capacity   Net capacity288 + 305 lt (10,17 + 10,77 cu ft)   260+265 lt (9,19 + 9,37 cu ft)External dimensions (W x D x H)72 x 84 x 203 cmInternal dimensions (W x D x H)60 x 68 x 70 / 60 x 68 x 74 cmNet weight without any internal fittings160 kgPackage dimensions   WeightCardboard on pallet 76 x 92 x 212 cm   weight 175 kg Wooden crate on pallet 84 x 98 x 212 cm   weight 188 kgStructureCardboard on pallet 76 x 92 x 212 cm   weight 188 kgStructureNonoccque type, made of plasticized, non-toxic white steel exte coated with a special antibacterial-type finne bottom.Insulation typeHigh-density (43 kg/m3), in-walls injected PUF, without any CFC, wa foam based.DoorNo.4 adjustable feet No.2 solid doors with all length ergonomic handles, self-closing thank the spring hinge and 90° stop position.Lightning (only refrigerator)Full LED, all length of refrigerator inner chamber, automatic switching o door opening.Internal fittingsCustomizable and height adjustable (it can mix independently: • wire shelves supported by adjustable (ight cm 55x65) • extractible drawers made of aluminium, without divic (WXDXH): cm 43x60x7,5 • st. steel wire frawers on sildes (WXDXH): cm 53,8x63,2x6,2	Tomporatura rango	Chamber A adjustable between +2°C / +15°C

Lightning (only reingerator)       door opening.         Energy saving functions       Night & Day function         Internal fittings       Customizable and height adjustable, it can mix independently: <ul> <li>wire shelves supported by adjustable clips (dim.cm 56x65)</li> <li>extractible drawers made of aluminium, with dividers (WxDxH):             15x60x7,5 (nr 3 compartments)</li> <li>fully extractible drawers made of aluminium, without dividers             (WxDxH): cm 49x60x7,5</li> <li>st. steel wire basket on slides (WxDxH): cm 53,8x63x14,8</li> <li>st. steel wire shelves supported by adjustable clips (dim.cm.56x66)</li> </ul>	Door	No.2 solid doors with all length ergonomic handles, self-closing thanks to the spring hinge and 90°stop position.	
Customizable and height adjustable, it can mix independently:         wire shelves supported by adjustable clips (dim.cm 56x65)         extractible drawers made of aluminium, with dividers (WxDxH):         15x60x7,5 (nr 3 compartments)         Internal fittings         fully extractible drawers made of aluminium, without dividers (WxDxH):         15x60x7,5 (nr 3 compartments)         fully extractible drawers made of aluminium, without dividers (WxDxH): cm 49x60x7,5         st. steel wire basket on slides (WxDxH): cm 53,8x63x14,8         st. steel wire drawers on slides (WxDxH): cm 53,8x60,5x6,2         st. steel wire shelves supported by adjustable clips (dim.cm.56x66)	Lightning (only refrigerator)	Full LED, all length of refrigerator inner chamber, automatic switching on at door opening.	
<ul> <li>wire shelves supported by adjustable clips (dim.cm 56x65)</li> <li>extractible drawers made of aluminium, with dividers (WxDxH): 15x60x7,5 (nr 3 compartments)</li> <li>fully extractible drawers made of aluminium, without divider (WxDxH): cm 49x60x7,5</li> <li>st. steel wire basket on slides (WxDxH): cm 53,8x63x14,8</li> <li>st. steel wire drawers on slides (WxDxH): cm 53,8x60,5x6,2</li> <li>st. steel wire shelves supported by adjustable clips (dim.cm.56x66)</li> </ul>	Energy saving functions	Night & Day function	
Suggested internal fittings No. 4 wire shelves (2 + 2)	Internal fittings	<ul> <li>wire shelves supported by adjustable clips (dim.cm 56x65)</li> <li>extractible drawers made of aluminium, with dividers (WxDxH): cm 15x60x7,5 (nr 3 compartments)</li> <li>fully extractible drawers made of aluminium, without dividers (WxDxH): cm 49x60x7,5</li> <li>st. steel wire basket on slides (WxDxH): cm 53,8x63x14,8</li> </ul>	
	Suggested internal fittings	No. 4 wire shelves (2 + 2)	

#### **Refrigeration system** Professional, ventilated, forced, hermetic compressor type. Refrigeration No. 2 separate and independent cooling systems, one for each compartment. Defrost Automatic, adaptive, with collection of condensate water Refrigerant Natural R290 GWP | ODP 3|0

FIOCCHETTI SCIENTIFIC S.R.L. Headquarter: Via Panagulis, 48 - 42045 Luzzara (RE) Italy VAT No. IT00934960352 Phone +39 0522 976232 - Fax +39 0522 976028 <u>http://www.fiocchetti.com</u> - Email: info@fiocchetti.it - Pec: fiocchetti@pec.it

### **Electronic controller**

Controller	TOUCH controller	
Type of controller	Electronic controller, FULL TOUCH SCREEN 7" display, resolution 0,1°C, easily readable from the distance, with a real time temperature graph and all operational data always available on the homepage.	
Power switch	Integrated in user's interface	
Security features	Settable user password	
Alarm system	<ul> <li>Visual and acoustic for temperature alarms failures such as:</li> <li>Open door</li> <li>High temperature</li> <li>Low temperature</li> <li>Power failure, signaled when power is back.</li> <li>Clogged condenser</li> <li>Any functional failure/faulty parts</li> </ul>	
Data and event recording	Latest 32 events displayed, 10 years data recorded on SD card and 1 year on flash memory, downloadable from USB port	
Settable temperature limits alarms	Yes	
Control sensors	NTC type probes for controller board + PT100 for DMLP monitor board (optional)	
Safety thermostat	Included, to prevent freezing and overheating	
Connectivity for remote alarms transmission	Set-up on the electronic controller board, can be remoted on request. Modbus TCP/IP protocol available for data reading	
Temperature recording	Full recording of temperatures and alarms data	
Data export	USB, SD and RJ45.	

### **Electrical and functional data**

Standard power supply	230V / 1ph / 50Hz
Standard plug type	Schuko type "G"
Compressor protection	Overload Protector included
Power absorption/current	kW 0,17 + 1,3 (Amp 1 + 6)
Inrush current	Amp 3 + 5
Noise level	<60 dBA
Heat emission according to EN 12900	W 292
Hold over time at 20°C ambient (air)	6 h chamber A (from +5°C to +15°C)
Hold over time at 20 C ambient (air)	3,6 h chamber B (from -20°C to 0°C)
Energy consumption at 20°C ambient	5 kWh/24h

### Compliancy

Directives and regulations	Directive 2006/42/EC (Machine directive) Directive 2011/65/EC (ROHS II) Directive 2015/863/ EC (ROHS III) Directive 2012/19/EC (RAEE) Directive 2014/30/EC (EMC) Directive 2014/35/EC (LVD) Regulation (EU) 517-2014 (F-gas) Regulation (EU) 1907-2006_REACH
Available certificate	CE
Application environment	Non-flammable, non-explosive, non-corrosive, with adequate air exchange

## Accessories available on request

Visual and acoustic alarm for power failure	No.8 rechargeable batteries, AA, Ni-MH type, environmental friendly and easily replaceable, to feed power failure alarm
External contacts (Ethernet+ potential free) terminal board	
Electric-digital lock with password protection (only for upper part) + mechanical keylock (for lower part)	
GSM module (including buffer batteries)	Pug-in module to notify on mobile phones, via sms, overall monitoring, alarms and failures of the refrigerator
Converter module type 4-20mA (including contacts terminal board)	External contacts included (this accessory excludes the installation of the GSM module)
Wi-Fi module	Plug-in module to connect to, monitor and manage the refrigerator wirelessly
Compliance kit to DIN 13277	Includes the electric digital lock, buffer batteries for power failure alarm signal and the external terminal board with potential free contact
DMLP TOUCH Digital Monitor	Visual, acoustic alarm and fully independent recording system, with accuracy 0,1 °C thanks to the PT100 probes used for temperature detection. DMLP will take over alarming function when installed as integrated module on the Ect-f Touch controller board. The module is fed by standard rechargeable batteries (power failure alarm batteries included) to register temperatures and events even in case of power outage. Data download and their management are made possible by CAPTURE software, supplied on board on the SD card, through which tables and graphs are created
PT100 product temperature simulation probe	
FIOCCHETTI COLD EYES cloud monitoring	Annual monitoring service, Cloud based, featuring the notification of alarms and failures from pc thanks to a dedicated app, including SMS messages and emails, also allowing the full download of recorded data.
FIOCCHETTI LAN SUPERVISOR	Monitoring system allowing the supervision of one or several refrigerators thanks to the access to historical data and to present equipment status. It allows the creation and export of temperature graphs of selected periods or of specific hours. A single license enables the connection of up to 100 refrigerators installed in the same building and connected to the same net (e.g., a hospital).
Additional wire shelf kit	
Extractible drawer on slides	
Extractible drawer without inner dividers on slides	
St. steel wire shelf kit	
St. steel wire drawer on slides	
St. steel wire basket on slides	
Perforated stainless steel shelf	
Rack 140x500x150H mm (max 3 per each shelf)	
Plexiglas front panel for extractible drawer	
Castors kit with brakes	
Internal Socket (no.1)	
35 mm access port with stopper	
Port hole mm 15	
Tray for automatic evaporation of condensate water	
Humidity sensor	
PT100 sensor with free contacts	
Mains voltage stabilizer	
Non-standard plug and cable	
Power 220V/60Hz	
Power 115V/60Hz	
Wooden crate package
